Overview

Pam Golding Commercial is a venture formed to provide commercial real estate services across sub-Saharan Africa. Pam Golding Properties is Africa's leading real estate brand and offers a full spectrum of property services.

We boast a network of over 300 offices in sub-Saharan Africa, in addition to our international offices in the UK, Germany, Mauritius, Seychelles and facilitate property sales in Portugal, Spain and Miami.

Pam Golding Commercial was established in response to the growing demand from occupiers and investors for a service provider who can deliver consistently high level of service across Africa's established and emerging real estate markets.

Pam Golding Commercial is led by a team headquartered in Johannesburg with significant experience in Africa and emerging markets across the world. Our presence in a majority of the established and emerging markets across the continent affords us unparalleled local market knowledge and experience in extremely challenging markets.

As the international associate for Savills in sub-Saharan Africa, we are affiliated with one of the world's largest real estate agencies.

This partnership facilitates our access to global real estate markets and taps into inbound and outbound business for Africa, whilst also offering the expertise, relationships, specialized skills and best practice from one of the world's leading real estate companies.
